

months, that person has satisfactorily completed the security training as specified in the certificate holder's approved security program.

(b) No certificate holder may use any person as a crewmember on any domestic or international flight unless within the preceding 12 calendar months or within the time period specified in an Advanced Qualification Program approved under SFAR 58 that person has satisfactorily completed the security training required by § 121.417(b)(3)(v) or § 135.331(b)(3)(v) of this chapter and as specified in the certificate holder's approved security program. With respect to training conducted under § 121.417 or § 135.331, whenever a crewmember who is required to take recurrent training completes the training in the calendar month before or the calendar month after the calendar month in which that training is required, he is considered to have completed the training in the calendar month in which it was required.

#### **§ 108.25 Approval of security programs and amendments.**

(a) Unless otherwise authorized by the Administrator, each certificate holder required to have a security program for a passenger operation shall submit its proposed security program to the Administrator for approval at least 90 days before the date of the intended passenger operations. Within 30 days after receiving the program, the Administrator either approves the program or notifies the certificate holder to modify the program to comply with the applicable requirements of this part. The certificate holder may petition the Administrator to reconsider the notice to modify within 30 days after receiving the notice, and, except in the case of an emergency requiring immediate action in the interest of safety, the filing of the petition stays the notice pending a decision by the Administrator.

(b) The Administrator may amend an approved security program if it is determined that safety and the public interest require the amendment, as follows:

(1) The Administrator notifies the certificate holder, in writing, of the proposed amendment, fixing a period of not less than 30 days within which it may submit written information, views, and arguments on the amendment.

(2) After considering all relevant material, the Administrator notifies the certificate holder of any amendment adopted or rescinds the notice. The amendment becomes effective not less than 30 days after the certificate holder receives the notice, unless the certificate holder petitions the Administrator to reconsider the amendment, in which case the effective date is stayed by the Administrator.

(3) If the Administrator finds that there is an emergency requiring immediate action with respect to safety in air transportation or in air commerce that makes the procedure in this paragraph impracticable or contrary to the public interest, the Administrator may issue an amendment, effective without stay, on the date the certificate holder receives notice of it. In such a case, the Administrator incorporates the findings, and a brief statement of the reasons for it, in the notice of the amendment to be adopted.

(c) A certificate holder may submit a request to the Administrator to amend its program. The application must be filed with the Administrator at least 30 days before the date it proposes for the amendment to become effective, unless a shorter period is allowed by the Administrator. Within 15 days after receiving a proposed amendment, the Administrator either approves or denies the request. Within 30 days after receiving from the Administrator a notice of refusal to approve the application for amendment, the applicant may petition the Administrator to reconsider the refusal to amend.

#### **§ 108.27 Evidence of compliance.**

On request of the Administrator, each certificate holder shall provide evidence of compliance with this part and its approved security program.
